**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Honest and FAIR competition is the lifeblood of a democratically entrepreneurial society. Allowing monopolies by major communications corporations to dictate the what, where, and how much both in terms of speed and cost of internet access (a human RIGHT in the modern information society) is grossly undemocratic and fails to align with historical American values of freedom and fairness in the context of the 21st century.

I choose Sonic as my provider because they continually strive to put ME, the consumer, at the center of its policy and services. Please do not take that away from us.
